

Xingyu Zhou

Phone: +44 7918737368

E-mail: xz419@cam.ac.uk

Affiliation:

Department of Applied Mathematics and Theoretical Physics, University of Cambridge
Trinity College, University of Cambridge

Research interests

Direct numerical simulations (DNS) of stratified turbulence and shear-flow instability.
Lagrangian perspective of turbulent mixing.

Education Experience

2023-2027	PhD in Applied Mathematics and Theoretical Physics, University of Cambridge.
2022-2023	MMath (Honours Pass with Distinction), Mathematics Tripos Part III, Trinity College, Cambridge.
2019-2022	BA (First Class Honours), Mathematics Tripos Part IA - Part II, Trinity College, Cambridge.
2017-2019	Harrow School.

Publications

- [1] Zhou X, Taylor JR, Caulfield CP. A Lagrangian view of mixing in stratified shear flows. *Journal of Fluid Mechanics*. 2025;1021:A31. doi:10.1017/jfm.2025.10626
- [2] Zhou X, Taylor JR, Caulfield CP. Lagrangian inference of turbulent diffusivity in stratified shear flows. (Under revision in *Journal of Fluid Mechanics*.)

Conference

Ocean Sciences Meeting, Glasgow, UK, February 2026

A Lagrangian View of Mixing in Stratified Shear Flows. (Poster)

EGU General Assembly, Vienna, Austria, April 2025

A Lagrangian View of Mixing in Stratified Shear Flows. (Oral presentation)

APS Division of Fluid Dynamics, Salt Lake City, US, November, 2024

A Lagrangian View of Mixing in Stratified Shear Flows. (Oral presentation, presented by Prof. Colm-cille Caulfield)

CCfCS Winter Symposium, Cambridge, UK, November, 2024

A Lagrangian View of Mixing in Stratified Shear Flows. (Poster)

Awards and Scholarships

Trinity College Internal Graduate Scholarship, 2023-2027

Honorary Trinity-Henry Barlow Scholarship, 2023-24

Trinity College Senior Scholarship, 2023-2024

Trinity College Senior Scholarship, 2022-2023

Trinity College Senior Scholarship, 2021-2022

Gold Certificate, British Physics Olympiad Round 1, 2018

Gold Certificate, British Physics Olympiad Round 2, 2018

Gold Certificate, British Chemistry Olympiad Round 1, 2018

Silver Medal, British Mathematical Olympiad Round 1, 2018

Teaching and supervision

University of Cambridge, 2025-2026.

Supervised undergraduate student in Vectors and Matrices.

University of Cambridge, 2024-2025.

Supervised undergraduate student in Vectors and Matrices.

Supervised undergraduate student in Vector Calculus.

University of Cambridge, 2023-2024.

Supervised undergraduate student in Dynamic and Relativity.
